Computer Education student at Sungkyunkwan University (GPA 4.33 / 4.5). Planned two team-built services as PM, including an AI promotion-strategy platform deployed in six weeks, and organized a three-university AI hackathon for **50 participants**. Completed mandatory service in the Republic of Korea Army as a network management soldier.

LEADERSHIP & EXPERIENCE

RE:ALThon — Planning & Budget Lead
Dec 2024

GDG on Campus : SKKU · three-university AI hackathon

- Opened talks in English with three Japanese universities for a global hackathon; when they withdrew, re-scoped it as a joint AI hackathon and recruited **Korea University and Sogang University** as co-hosts.
- Managed SKKU's share of the budget and filed expense documentation with the program office; the event drew roughly **USD 5000 in support from four programs at three universities**.
- Delivered the overnight event for **50 participants in 9 teams** (35 of 37 survey respondents rated it 91/100 or higher); a cost-sharing agreement let it run again in 2025.

GDG on Campus : SKKU — HR Lead (Core)
Mar 2024 – Feb 2025

Joined the Administration team, then selected as HR lead the following semester

- Booked speakers for the **monthly global IT seminar (20 to 30 attendees per session)** through various outreach routes.
- Wrote Korean and English outreach templates and a talk-information sheet that were reused for later bookings.
- Selected as the speaker representing the university's software program for a **Philippine CHED delegation**; presented in English.

Military Service — ROK Army
Apr 21, 2025 – Oct 20, 2026

3rd Infantry Division · Network Management Soldier, Squad Leader

PROJECTS

2GATHER — PM · UX/UI Planning
Oct – Nov 2024

LIKELION Line-4 Hackathon · team of 6 (1 PM, 1 UI designer, 4 engineers)

- Defined the problem from our own GDG recruiting shortfall (**target 30 members, 9 joined**) and pitched an AI platform that turns a few inputs into a promotion timeline, budget plan and creator matches.
- Wrote the PRD and Figma wireframes; turned the posting rules of **six promotion channels** and budget tiers into service logic, aligning requirements with the four developers.
- Deployed a working service in **six weeks** (React, Spring Boot, OpenAI API; implemented by teammates).

ESC: ESCape SKKU — PM
Jul – Oct 2024

Goormthon Univ 3rd cohort · team of 6 (1 planner, 3 front-end, 2 back-end)

- Proposed the concept for a campus-themed web escape-room game; wrote the storyline and PRD and designed the stages and puzzles (five quiz stages plus a final game).
- Operated it in person at a campus booth on Oct 31, 2024, for Halloween and the college night.

GLOBAL & SERVICE

KT&G Sangsang Withus Overseas Volunteer Corps, Indonesia
Oct 2024 – Feb 2025 · 40 volunteers in 4 teams

- Accounting & supplies team: managed class supplies for one team within a **budget of about USD 1600**; found cheaper substitutes for over-budget items and revised the purchase plan with class leads.
- Planned and led the Korean traditional game, ddakji and tooth-brushing lessons for a third-grade class of **34 students**; **177 volunteer hours**.
